CHALFANT

OBO Bettermann Group

The Right Corrosion Protection

Corrosion Categories

Chalfant offers finishes and materials for every environment from C1 to C5 and Cs-M. Providing superior protection in chemical plants, industrial areas, coastal and offshore environments.

Our in house hot dip galvanizing plant ensures the highest quality zinc galvanized finish with superior protection and appearance.

Our extensive stainless steel offering is available for a wide range of products ensuring a complete system in 304 or 316L grade.

Corrosion category	C1 G	C2 FS	C3
Interior conditions	 <p>Temperature controlled building with neutral atmospheres, e.g. offices, shops, schools, hotels, etc.</p>	 <p>Non-temperature controlled buildings in which condensation can occur, e.g. warehouses, sports stadiums, etc.</p>	 <p>Production facilities with a high level of humidity and some air impurities.</p>
Exterior conditions	-	<p>Atmosphere with low levels of impurities. Usually rural areas.</p>	<p>City and industrial atmosphere with high levels of impurities through sulfur dioxide. Coastal areas with low salt load.</p>

<p>FT</p>	<p>C4</p>	<p>P FS FT</p>	<p>C5-I</p>	<p>A2</p>	<p>Cs-M</p>	<p>A4</p>	
				<p>High level of impurities</p>	<p>Chemical plants, swimming pools, boat sheds over seawater</p>	<p>Buildings or areas with almost continuous condensation and with high levels of impurities.</p>	<p>Buildings or areas with almost constant condensation and high levels of impurities.</p>
<p>are, considerable, lead</p>	<p>Industrial areas and coastal areas with low salt load</p>	<p>Industrial areas with high levels of humidity and aggressive atmosphere</p>	<p>Coastal or offshore areas with salt load</p>				

Ladder, Trough and Wire Mesh Cable Tray Systems

Varied Systems

As one of the leading manufacturers of cable tray systems in the world Chalfant - OBO can offer a complete line of solutions and styles for every application.

Materials and Surfaces

Offering aluminum, steel, stainless steel, powder coated, hot dip galvanized, electro galvanized, mill galvanized and double dipped galvanized in a wide variety of styles and sizes.

Easy Install

With our patented self-connecting joints Chalfant's RKS-Magic and GR-magic cable trays can be installed with a single click.

Certified by

- UL

- VDE

- BET (EMC Testing)
